THE WORLD'S Average Circulation for March, 1891. 312,570 Per Day. March, 1893, 403,333 Per Day.

March. 1894, 460,929 Per Day. A Cain of 57,596 Per Day

A Gain of 148,359 Per Day in Three Years.

Gravesend election returns will carry so comfort to Sing Sing.

It was not a good first Tuesday in April or the Long Island rings.

The judgment against McKane was nfirmed at the polls in Gravesend.

Peru still has the advantage of South Carolina. She has not only a dictator, but two Presidents.

Ex-Justice Butherland will not return Gravesend on the strength of yesterday's election results.

Yesterday's election news may be lefly dismissed. It consisted of "Republican gains everywhere."

Breckinridge will hereafter look for a moranda of things he would rather have her forget.

The overthrow of the little Long Island the officers engaged and sworn to en ses was so easy that it suggests posstbilities in connection with the overthrow of the big New York bosses.

Furguson was among those who fell resterday before the reform ballots on Long Island. But defeat at the polls loesn't begin to be the end of his dis-

for all our losses," but at present writing it is hard to see what are the gains for the losses at the elections in Ohio and elsewhere yesterday.

All the people of the United States are not subject to the military despotism of Gov. Tillman, and some of them would like to make an issue on the question of his right to control their telegraphic

With Waitelsm in Colorado, with Tillanism in South Carolina, with election murders in Troy and Kansas City, and with bullets accompanying ballots in Chicago, we are not in a position at resent to throw stones at any sister Republic in South America.

As long as politics control the police olicemen cannot interfere with politicians. This is the secret of the "pull." It is the state of things that will be atinued and intensified under the Platt Bi-Partisan bill, even as that measure is to be amended under the compromise agreed to in the State Senate.

Senator Harris has taken upon himelf the task of chief pusher to get the women that have features with clocks Senate at the Tariff bill daily at the stopping records who are the mainstays earliest possible moment. The thanks of grateful country will be his for every der business in these patenticularies. The damage of a colored out, with a perur of delay he can cut off in the con- days. hour of delay he can cut off in the con-days. They are after the peach-him in the can cut of the measure and the languid optic red hot, and wants open in the can cut of the red hot, and wants open in the can cut of the red hot. on which National prosperity waits.

The Board of Managers of the Elmira Reformatory has eight days, allowed by the Governor, in which to show cause why its members should not be deposed

every murderous outbreak such as dis. direct blea has become warped, in our graces the Palmetto State to-day, is a prop to the tottering thrones of Europe Magnified, misrepresented, characterized as the natural and inevitable handiwork of popular government, they are used to frighten the ignorant and the timid, and to induce them to believe in th

greater stability and safety of abso-

lutiam. On the main point in the present situ ation the Governor's position is impregnable, despite bombast and inexsediency. The Dispensary law is detestable to the people. They say it is an invasion of private liberty, that it s unconstitutional, and shall not be en- and he forced. The Governor says: "I have sworn to see that the laws are all respected, and while this statute is law it shall be enforced." The people are clearly wrong. If the law is unconstitutional, let them appeal to the courts. typewriter who doesn't make special If it is objectionable, let them agitate for its repeal. However offensive it may be, they have no right to resist its enforcement and to attack and kill

> force it. The people of South Carolina have a right to control their own affairs, but they have no right to bring discredit on the whole Republic.

PEACH CHEEKS AND PIE FACES.

Miss Maude Hanks in the course of ome remarks which she gave to the breeze at the Garden Theatre yester-day, while discussing "The Twentieth Century Woman," asked this question: "I wonder if the time will ever come salion last than for singing "After the when an earnest, strong face in woman Ball." Distless had mathled Miller to will be as good to the general sight as a

we think not, Maude. All the documentary evidence in existence, and traditions going back as far as six thousand years, show that the peach complexion has had the call every time, and that it has been a sort of lead-pipe einch all constants. CROKER ON THE WAY HOME. along for the languishing eye, also. The strong, earnest face hasn't been in it. The New York flows Said to Have ot even a little bit. Women who want to remain in the

woman business had better keep on cultivating the peach bloom in their cheeks, and the more languish they can put into their eyes without squinting them, the more soulful will be the yearnings of the ther sex for them. Peach-blown checks and languishing eyes come high, even when the woman buys them in a drugstore, but the men seem to be willing to ony the price and to throw in aliminist afterwards, too.

It is not probable that Miss Bunks's long sinshrick for the strong, carnest faced with a woman will cause any of the sex who are peach-complexioned and dreamy-eyel to want to change their faces. It is the of the facial-renovating and beauty power They are after the peach-tim in

New York entertained the grand operation of support and appreciation of support and people. Not a hint nor a suggestion of properties of properties of a region in a region in the support of the properties of th why its members should not be deposed under the charges formally presented against them. It is generally agreed that the Board has hitherto shown every cause why it should go. And Brockway must follow.

Pennsylvania has two armies within her borders. One is Covey's and it may be a joke, as the Allegheny City people took it to be. The other is in the coke regions, and there is no humor about the situation there. A jest can never be pointed by dynamite. Those armed and marching strikers carry a grave menace to much to hope that the disturbance will pass away without more serious results from the appropriation.

A land Speculation.

Disturbing the same likewise from the analysis of the same beautiful to the commonwealth. It seems almost too much to hope that the disturbance will pass away without more serious results as a population.
